

REMARKS

On July 14, 2004, Applicants filed a Request for Corrected Filing Receipt with the U.S. Patent and Trademark Office to correct the priority data on this application. On August 13, 2004, the Initial Patent Examination Division mailed a Response to Request for Corrected Filing Receipt requiring that Applicants supply the relationship of continuity claimed under 35 U.S.C. § 120 in an Application Data Sheet or amendment to the first page of the specification. On August 23, 2004, Applicants filed a Second Preliminary Amendment to amend the first page of the specification to correct the priority data, but did not submit a second Request for Corrected Filing Receipt; thus a Corrected Filing Receipt was never received by Applicants.

Accordingly, Applicants respectfully submit herewith a Request for Corrected Filing Receipt and request entry of this Amendment which corrects the priority data. Applicants also request issuance of a corrected Filing Receipt and request that all pertinent U.S. Patent and Trademark Office records relating to the subject application be changed to reflect this correction. A Supplemental Application Data Sheet is submitted herewith to show the correct priority data. No new matter has been added.

Although Applicants believe that all fees due in connection with this submission have been appropriately provided for, the Commissioner is hereby authorized to charge any deficiencies or credit any overpayment to **Deposit Account No. 06-1448, Reference No. OGA-007.03.**
